

JEE ADVANCED 2022

For admission to Undergraduate Programs at Indian Institutes of Technology

Organising Institute
IIT Bombay

EXAMINATION

The Joint Entrance Examination (Advanced) forms the basis for admission to the following programs (entry at the 10+2 level) in Engineering, Science and Architecture in all the IITs:

- 4-year Bachelors: B.Tech., B.S.
- 5-year B.Arch.
- 5-year Dual Degree: B.Tech.- M.Tech., B.S.- M.S.
- 5-year Integrated Masters: M.Tech., M.Sc. Dual Degree

JEE (Advanced) 2022 will have two papers. Appearing in both the papers is compulsory. Each paper is of 3 hours duration and will have questions in Physics, Chemistry and Mathematics.

The complete examination will be conducted in the computer based test mode only. The questions will be in both English and Hindi language. The candidates will have the option to choose (and also to switch between) the preferred language during the examination.

REGISTRATION

Eligible candidates may register from the official JEE (Advanced) website from August 7 to August 11, 2022. Candidates declared eligible to appear in JEE (Advanced) 2022 must register online at the JEE (Advanced) web portal by uploading the requisite documents and by paying the registration fee.
